

Get the installer

Download the executable file

1. Go to our [download page](#). Where it says 'Download PRIMER 7 Software', simply click where it says 'Click HERE':

2. The executable file for installation, called '[PRIMER7Setup.exe](#)' will automatically begin downloading. When it has finished downloading, this file will then be available to you in the 'Downloads' folder on your machine.

Install the software

3. Once the download has completed, double click on the downloaded installation file ('[PRIMER7Setup.exe](#)') to start the installation process.
